## Covered for centuries, secret underground streets, hidden

Hidden deep beneath the Royal Mile lies Edinburgh's deepest secret; a warren of hidden 'closes' or streets where real people lived, worked and died. For centuries they have lain forgotten and abandoned.... until now.

This award winning five star attraction offers visitors a totally unique experience. It is a strange dark underground site, a time capsule of town houses and rooms situated off four main closes - including the famous Mary King's Close, that date back to the 1600's. Your character guide will reveal the

fascinating and emotional stories of human life as you are shown around this important historic site.

For a souvenir to remind you of your visit, remember to look around our gift shop which stocks an extensive range of themed goods and literature.
